Federal	Building State Capacity to Expand Apprenticeship through Innovation	https://wdt.doleta.gov/directives/corr_doc/cfm?DOCID=7875	This Training and Employment Guidance Letter (TEGL) announces the availability of \$73 million in Program Year (PY) 2019 funds to States through tiered funding. The goal of these funds is to expand the national Registered Apprenticeship system by funding baseline activities that improve States' ability to serve, improve, and strategically scale the Registered Apprenticeship Program (RAP) model described in 29 C.F.R. parts 29, Subpart A, and 29 C.F.R.30, and to fund innovations aimed at using RAPs as a tool for developing the economy and building infrastructure.	Department of Labor, Employment and Training Administration	Total Funding: \$73 million Tier 1 Funding: Every State applying that meets the application requirements will receive a base amount of funding (\$450,000 for States and \$300,000 for U.S. territories) to engage in activities to strengthen the structures supporting RAPs in their State. Tier 2 Funding: ETA will award States as much as \$9M if their application demonstrates improvements and innovations to RAPs in their State that spread the RAP model, develop infrastructure, and impact other significant policy issues. MI, IN, OH	Great Lakes Trade Adjustment Assistance Center	http://www.glaaac.org/qualify/	The Great Lakes Trade Adjustment Assistance Center helps manufacturers in Michigan, Indiana, and Ohio that have been hit hard by import competition. They work with clients to develop an action plan - then help implement that plan with up to \$75,000 of federal matching funds from the Trade Adjustment Assistance for Firms program (TAAF), the only federal program specifically designed to help companies that have been negatively impacted by imports. Applying to the TAAF program is simple and there is no cost to find out if your firm will qualify. To determine if the TAAF program may be beneficial to your organization, ask yourself the following questions: • Are you directly impacted by imports? • Are your sales down by 5% or more? • Is your average employment down by 5% or more? If you answered "yes" to all of the questions above, your organization may be a candidate for the TAAF assistance.	Trade Adjustment Assistance for Firms	up to \$75,000	N/A

NJ	Manufacturing Equipment and Employment Investment Tax Credit	http://www.nj.gov/n/business/financing/manufacturing/	The purpose of the Manufacturing Equipment and Employment Investment Tax Credit is to encourage investment in certain manufacturing equipment in New Jersey and to provide the taxpayer with incentive to increase employment at New Jersey locations by employing New Jersey residents. A taxpayer must invest in qualified manufacturing equipment in its tax year beginning on or after January 1, 1994 in order to qualify for this tax credit. Such investment has the benefit of allowing a tax credit computation for the tax year in which the investment was made as well as each of the following two tax years. The tax credit computation for the first year is based on the cost of the qualified manufacturing equipment placed in service in New Jersey during that tax year. This portion of the credit is calculated in Part I. The computations for the two following tax years are based on the average increase in New Jersey residents employed in New Jersey subject to a limitation based on the cost of the investment made in the first year. The portion of the tax credit for the two tax years following the year of investment are calculated in Parts II and III of this schedule.	State of New Jersey Business Portal		The credit allowable for any given year cannot exceed an amount which would reduce the total tax liability below the statutory minimum. If the full-time workforce falls below 80%, the business will forfeit its tax credit amount for that tax period and each subsequent tax period until the full-time workforce is restored back to the minimum level and documentation reflecting such has been reviewed and approved by the EDA Board. If, in any tax period, the number of full-time employees employed by the business at the qualified business facility located within a qualified incentive area drops below 80 percent of the number of new and retained full-time jobs specified in the incentive agreement, then the business shall forfeit its credit amount for that tax period and each subsequent tax period, until the first tax period for which documentation demonstrating the restoration of the number of full-time employees employed by the business at the qualified business facility to 80 percent of the number of jobs specified in the incentive agreement For projects with outstanding commitments under other EDA incentive programs, the applicant may unwind their current commitment in certain circumstances and under certain conditions to take advantage of the Grow NJ Program.	New Jersey Economic Development Authority		Businesses that are creating or retaining jobs in New Jersey may be eligible for tax credits ranging from \$500 to \$5,000 per job, per year; with bonus credits ranging from \$250 to \$3,000 per job, per year (award amounts vary based on applicable criteria.)	30-Jun-19	
NJ	New Jobs Investment Tax Credit	http://www.nj.gov/n/business/financing/incentives/	The New Jobs Investment Tax Credit is available for investment in new or expanded business facilities that create new jobs in New Jersey. Investments which qualify for this tax credit must be placed in service or use during tax years beginning after July 7, 1993. The investment must create at least 5 new jobs (50 new jobs for large businesses) with a median annual compensation of the threshold amount established for the particular tax year. Also, in order to claim this tax credit, the average book value of all real and tangible personal property in New Jersey must have increased over the prior year.	State of New Jersey Business Portal		The New Jobs Investment Tax Credit is taken in five equal annual installments. The annual credit cannot exceed 50% of that portion of the Corporation Business Tax liability which is attributable to and the direct result of the taxpayer's qualified investment and shall not reduce the tax liability below the statutory minimum. Although there is no carryover provision for this tax credit, the amount of the unused annual credit may be refunded to the taxpayer subject to certain limitations. Part III of Form 304 is used to determine the allowable credit amount as well as any potential refund amount.	N/A
