Michigan Business Development Program (MBDP)	http://www.michiganbusiness.org/cm/files/factsheets/michiganbusinessdevelopmentprogram.pdf	The Michigan Business Development Program is an incentive program available from the Michigan Strategic Fund (MSF), in cooperation with the Michigan Economic Development Corporation (MEDC). The program is designed to provide grants, loans, or other economic assistance to businesses for highly competitive projects in Michigan that create jobs and/or provide investment. This program is available to eligible businesses that create qualified new jobs and/or make qualified new investment in Michigan. The qualified new jobs must be held by Michigan residents of the Applicant company and be in addition to those maintained in Michigan prior to the project. Eligible investment includes investment made by the business in Michigan in support of the project and approved by the MSF. Preference may be given to businesses in need of additional assistance for deal closing and second stage company gap financing. Any business seeking to qualify for MSF support on the basis of job creation must create a minimum of 50 qualified new jobs. Unless a project is in a rural county (a county with a population of 90,000 or less) or qualifies as a high-technology activity, in which case the business must create a minimum of 25 qualified new jobs. High-technology activities are defined in the Michigan Economic Growth Authority Act, Public Act 24 of 1995, although it does not include tool and die unless the eligible business meets a different high-technology definition. MSF support in the form of a grant will be performance based, with preference given to eligible businesses seeking to locate or expand in Michigan rather than in another state.
