<p>On-The-Job Training</p>	<p>https://www.nccommerce.com/grants-incentives/workforce-grants/job-training</p>	<p>On-the-Job Training provides North Carolina a means to expand and enhance workforce service delivery to the State’s citizens. OJT is a viable pathway for unemployed workers seeking employment and for employers seeking workers. It offers the unique opportunity to offset initial training costs to fill skilled positions while building organizational productivity as the employee learns job requirements. An OJT arrangement can be the impetus for an employer to create a job opportunity. Through OJT, a wage reimbursement incentive may be provided to a business to help offset the cost of training a new employee with limited skills. Wage reimbursement ranges from 50 to 75 percent, depending upon the size of the business, with the higher percentage for businesses with up to 250 employees. OJT contracts are limited to the time required for the employee to become proficient in his/her job, not to exceed six months. Prior to hire, an individualized training plan is developed with the employer that will allow the new employee to gain the required competencies.</p>	<p>The NC Division of Workforce Solutions</p>	<p>N/A</p>	<p>N/A</p>

<p>Incumbent Worker Training</p>	<p>https://www.nccommerce.com/grants-incentives/workforce-grants/incumbent-worker-training</p>	<p>The Incumbent Worker Training Program is designed to make a difference in your bottom line, whether your organization is creating jobs, investing in new machinery and equipment, or streamlining processes for efficiency. Incumbent Worker Training Program resources may support training needs assessment, instructional design, development and delivery. Incumbent Worker Training helps offset the cost of training employees who have worked for a business consistently for six months or more. Training should lead to an increased skill level, so that employees can be promoted and the employer can backfill opportunities for less skilled or experienced employees. The business must participate in the cost of the training, through cash payments or in-kind contributions, based upon the size of the company.</p>	<p>The NC Division of Workforce Solutions</p>	<p>N/A</p>	<p>N/A</p>
